

042 Postpaid

uputstvo za konekciju

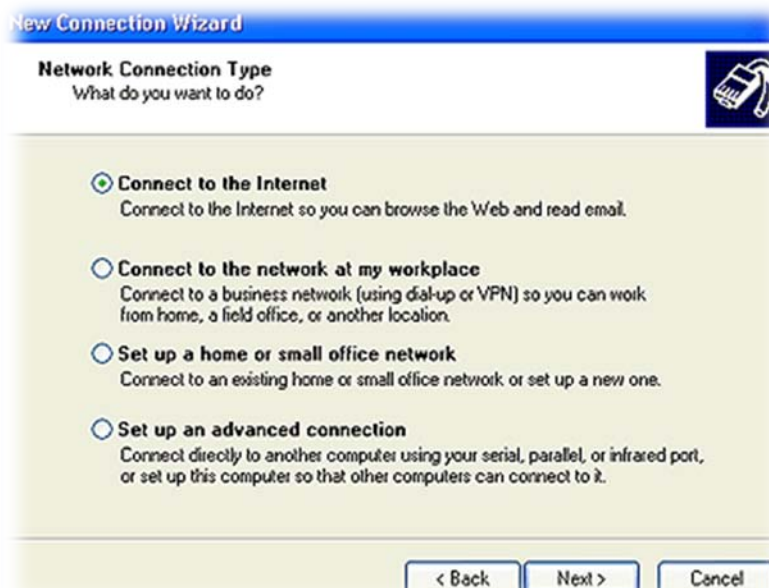

Za sve one korisnike koji nemaju otvoren nalog kod nas, ili im je nalog u minusu - mogu da se konektuju na broj **042/210-629** i budu na Internetu po **veoma povoljnim cenama**. Pozivanjem 042/210-629 **možete pristupiti Vašem pop3 nalogu za pregled mail-a, kao i svim ostalim servisima MAKSNET-a**.

U polja **username** i **password** možete da upišete **šta god želite**. Plaćanje se vrši na kraju meseca kroz telefonski račun.

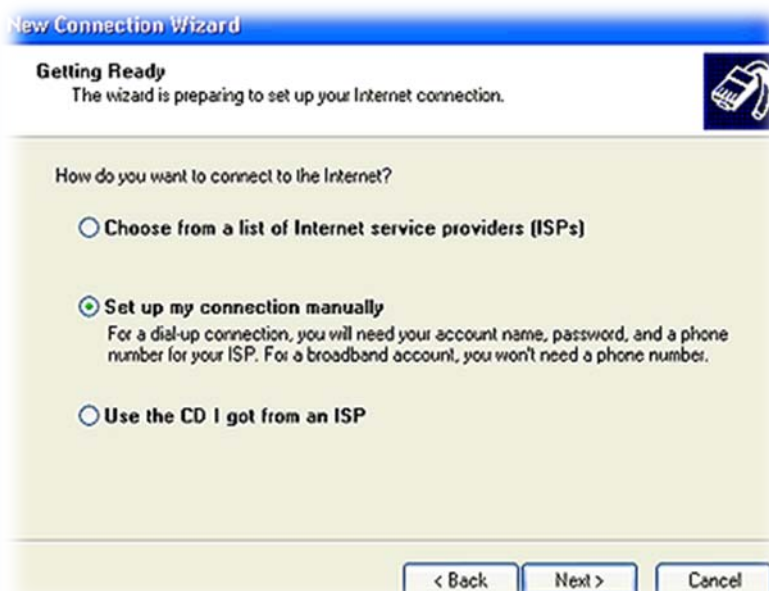

Uputstvo **kako najjednostavnije da napravite 042 konekciju**, pogledajte detaljno uputstvo sa slikama: Uđite u **Control Panel** pa u **Network Connections**, zatim kliknite na "**New Connection Wizard**". Otvoriće vam se dijalog u kome kliknete na "**Next**"

Odaberite opciju "Connect to the Internet" i kliknite na "Next"

Odaberite "Set up my connection manually" i kliknite na "Next"

The screenshot shows the 'New Connection Wizard' dialog box. The title bar reads 'New Connection Wizard'. The main heading is 'Getting Ready' with a sub-heading 'The wizard is preparing to set up your Internet connection.' and a small icon of a modem. Below this, the question 'How do you want to connect to the Internet?' is followed by three radio button options: 'Choose from a list of Internet service providers (ISPs)', 'Set up my connection manually' (which is selected), and 'Use the CD I got from an ISP'. A descriptive paragraph for the selected option explains that for a dial-up connection, account details and a phone number are needed, while for broadband, only account details are needed. At the bottom, there are three buttons: '< Back', 'Next >', and 'Cancel'.

Odaberite "Connect using a dial-up modem" i kliknite na "Next"

The screenshot shows the 'New Connection Wizard' dialog box at the 'Internet Connection' step. The title bar reads 'New Connection Wizard'. The main heading is 'Internet Connection' with a sub-heading 'How do you want to connect to the Internet?' and a small icon of a modem. Below this, there are three radio button options: 'Connect using a dial-up modem' (which is selected), 'Connect using a broadband connection that requires a user name and password', and 'Connect using a broadband connection that is always on'. Descriptive paragraphs for each option explain the requirements for each connection type. At the bottom, there are three buttons: '< Back', 'Next >', and 'Cancel'.

Unesite neki naziv za konekciju (npr. maksnet) i kliknite na "Next"

New Connection Wizard

Connection Name

What is the name of the service that provides your Internet connection?

Type the name of your ISP in the following box.

ISP Name

maksnet

The name you type here will be the name of the connection you are creating.

Cancel

Ukucajte broj telefona **042210629** i kliknite na "Next"

New Connection Wizard

Phone Number to Dial

What is your ISP's phone number?

Type the phone number below.

Phone number:

042210629

You might need to include a "1" or the area code, or both. If you are not sure you need the extra numbers, dial the phone number on your telephone. If you hear a modem sound, the number dialed is correct.
